BELLEVUE II BUDE

Bellevue II follows on from our superb Bellevue development located in the picturesque Stratton area of Bude, on the north coast of Cornwall. A wonderful location for your new family home, Bellevue has been designed with an open feel, retaining hedgerows and with some parts of the development having distant sea views and other parts distant views to open countryside.

The proposed park at the heart of the development provides generous public open space and is made up of community allotments, play areas, orchards and tree planting. Bellevue also boasts a network of footpaths, a cycle link and potential access into a future school.

Our 2, 3 and 4 bedroom homes are built with traditional craftsmanship. The 116 new homes have been designed in keeping with the surrounding area, being predominantly finished in crisp white render, other homes in red brick and all with slate and brick features with homes created to suit all tastes.

At Cavanna, every home we build is considered and designed with you in mind. The high level of workmanship and exacting standards in planning and construction means you will purchase a quality home to satisfy, and we hope, exceed your expectation.
